

Compliance Module

Regulatory Compliance Planning

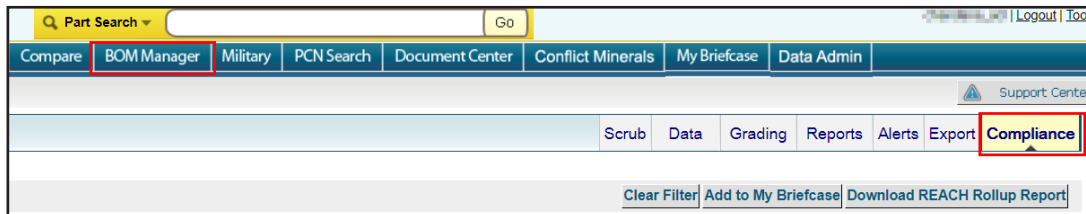

> Easily accessible Compliance reports for your BOMs

- Pictorial representation of compliance data using pie charts
- Interactive diagrams with ability to click and view filtered data
- Reports available for download in Excel format

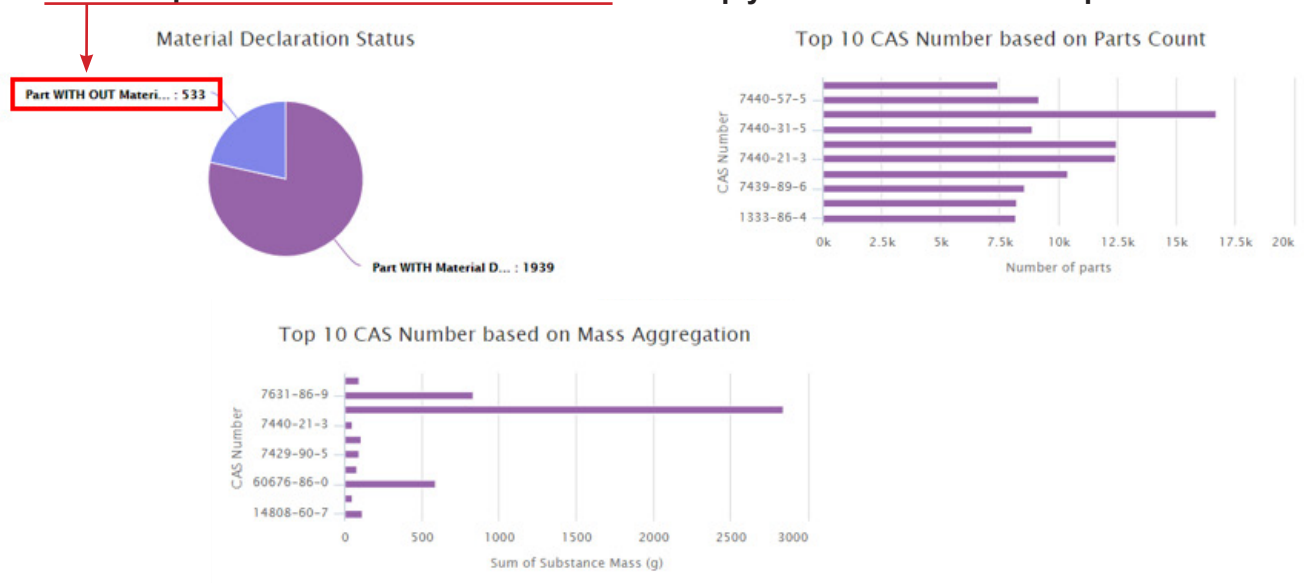

> How to access the Compliance Module...

- A new tab called 'Compliance' within the BOM Manager
- This section is closely tied to the BOM Manager enabling you to quickly generate necessary compliance reports for your existing Bill of Materials (BOMs)

> Chemical Report

- Showing FMD status and Top 10 CAS Numbers
- SiliconExpert Professional Services Team can help you collect FMDs and improve the coverage
